Health and Safety

We recognise that participation in PE and Physical Activities contains an element of risk. Staff are responsible for ensuring that they are familiar with safe practice to reduce the element of risk to the absolute minimum within their control.

- Staff are aware of pupils who have special needs with regards to physical activity and make special provision for needs where appropriate e.g. physical disability, asthma
- Staff know about the safe practices involved in moving and using apparatus
- Pupils wear appropriate clothing, remove jewellery and tie back long hair. If the removal of jewellery or studs is not possible, they should be securely taped and the teacher is confident this strategy is effective
- Pupils are asked to remove shoes when participating in indoor activities such as gymnastics
- Correct use of equipment is taught along with any potential hazards, including completing a risk assessment for each area/ space that PE and school sport takes place in

Staff Physical Activity Engagement

Staff members are encouraged to teach PE wearing the correct attire. This means they are a positive role model and ambassadors for an active and healthy lifestyle. Teachers should join in the activity to the maximum of their capability, as this is a very beneficial experience to promote self confidence in the children and encourage them to push themselves and try new skills.

Curriculum

St Lawrence uses an on-line PE Scheme of Work from The PE Hub which is used to ensure progression. Pupils develop physical skills, knowledge and understanding as well as learn about fitness, cooperation and fair play. Pupils' are assessed by means of a bought-in bespoke PE Assessment tool to ensure progress is made and end of key stage expectations are met by all children. Children's fitness is assessed termly using the bleep test (KS2) and times for each class are recorded for the Weekly Mile.

- Ensuring that pupils of all abilities are able to access the PE curriculum by providing alternative, or different resources to develop new skills and ensure a positive relationship with physical activity from an early age.
- Ensuring pupils who are unable to participate in a PE lesson are engaged purposefully with other roles such as observation, feedback, video recording, evaluation, coaching, umpiring and refereeing. Parents and carers are actively involved to attend and support their children. We have a wide range of sporting activities on the day to encourage participation and success for all children.

Involving parents and carers

We recognize the important part parents and carers play in encouraging children to participate in physical activity. Information about PE, physical activities and sporting competitions organised by the school and opportunities after school, are shared with parents/Carers by means of specific PE letters from the PE Lead and through the School newsletter. Information about all areas relating to PE can also be found on the School website.

Monitoring and evaluation of physical activity

The PE coordinator (Mr Fancourt) is responsible for the overall monitoring of the quality of PE and physical activity provision.

We monitor PE in the curriculum through subject reviews and self-evaluation in order to provide an accurate perspective on how it is being delivered and how it can be further improved. Fitness levels are recorded termly for each year group - KS2 record a bleep test and the whole school record how many laps children can run in 20 minutes. This is also recorded once a term and shared with the children. LKS2 have fit bits, and it's planned that all of KS2 will have Fit bits by 2023 and each class teacher records the highest step count in classes at the end of the day.

Physical Education is monitored and evaluated through:

- Lesson observations
- Monitoring of lesson planning
- Monitoring of equipment
- Pupils Assessment data
- Feedback from staff
- Children questionnaires
